

INDIAN STATISTICAL INSTITUTE
Theoretical Statistics and Mathematics Unit, Kolkata

Number Theory Seminar

Date: October 03, 2024

Time: 02:30 PM

VENUE:

L- infinity

(5th Floor, A.N. Kolmogorov Bhavan), ISI Kolkata

TITLE:

Bounded gaps between products of two primes

SPEAKER:

Pranendu Darbar

Stat-Math Unit, ISI, Kolkata

ABSTRACT:

I will speak about the gaps between products of two primes in imaginary quadratic number fields using a combination of the methods of Goldston–Graham–Pintz–Yildirim, and Maynard with some applications.

ALL ARE CORDIALLY INVITED
