

Workshop on Topology and Geometry of Foliations

Indian Statistical Institute, Kolkata

November 24 - December 6, 2008

The Theoretical Statistics and Mathematics Unit of the Kolkata centre is organizing a workshop titled Workshop on Topology and Geometry of Foliations. There will be invited talks from eminent researchers working in the theory of foliations.

Main Topics

General theory of foliations

Foliations on two and three dimensional manifolds

Foliations and Lie Groupoids

Stability in Poisson Geometry

Foliations and Non-Commutative Geometry
